Registration open at 8 AM
Shoot starts at 9:15

Members $15 Non-Members $20 dollars

Reduced rates for youth and cubs

Lunch $6

28 3D targets unmarked yardage 10/8/5 scoring

New for this shoot.....The two bow challenge!
We're trying a new class for this shoot. Compete in one of the usual classes or bring two bows and compete for the special "**two bow trophy**".
This is inspired by stories about a former member who used to carry two bows around the range and alternate shots from each. To compete you must bring bows from two different classes (for instance a compound and a long bow, or a recurve and a primitive.) Competitors must shoot one arrow from each bow at each target. Each individual shot must match the requirements of the respective bow/class. Just to make things simpler, all compounds will be lumped into one of the possible choices, so every archer must shoot at least one traditional bow.
